octroi ought not to be levied under on raw products & that if at all it may be levied on ground nut oil sold in the city & impounded on oil exported. The Bangalore city Municipality to whom the above views were communicated have resolved to await the recommendation of the octroi Committee before they express their opinion. It seems that they are for the abolition of octroi altogether and have suggested as substitutes (1) increase of house tax (2) graduated tax on professions & trades (3) tax on cattle & (4) receipts for a new octroi

****

We are in receipt of your letter No C3 27-28 dated 29th instant stating that Government are agreeable to consider the question of exempting from the payment of Octroi duty on copra etc and we thank you and the Government for the same

With reference to erecting a plant for crushing copra, we beg to state that expellers are the best machines for extracting oil from copra Three years ago we imported a few wagons of copra and crushed the same in our factory We had to give it up on account of heavy octroi duty which is about 14 per cent of the oil price We shall certainly desire to renew the operation if the octroi duty is exempted
